RE: Enrollment Update

DATE: October 14, 2025

Our enrollment for 2025/2026 is currently at 1799, which is higher than our projected enrollment of 1786 for our Brick and Mortar schools that was submitted to the Ministry in February 2025. We have had corrections since our initial capture on September 29, 2025.

However, we have a net loss of 49 students from 2024-2025 when enrollment was 1848.

We were conservative in our projections and saw most growth at John Allison and at the secondary level in Merritt. Please note, growth is from projections, not enrollment from 2024-2025.
