OLEP Funding and French Immersion Growth Grant

***OLEP Fund ***

- Flexibility with OLEP fund to move \$ between five categories.
- This budget cannot be carried over to the next school year – needs to be spent by the end of June

\$80,946.00 (Divided between 5 categories)

Student Learning and Academic Achievements

This category supports student success by developing and purchasing French language learning resources and funding teacher collaboration to create materials—all aimed at enhancing literacy, numeracy, and overall academic growth in French.

Cultural Activities

This category promotes cultural engagement through partnerships with Francophone organizations, school-wide cultural events, and field trips, helping students experience and connect with French language and culture both locally and nationally.

Teacher Retention and Professional Learning

This category enhances teacher capacity and job satisfaction by funding professional development, mentorship, and resource acquisition, ensuring educators are supported in delivering high-quality French instruction.

Staffing and recruitment

This category focuses on attracting and retaining qualified French Immersion and Core French teachers, as well as expanding program offerings to meet student demand and strengthen French education across the district.

Program growth and student retention

This category encourages program sustainability and student engagement through promotion of bilingualism, transition support between grades, parent information sessions, and opportunities that build students' sense of belonging in French programs.
