- Community can be maintained in new spaces for both MC and CV
- We need to hear district voice and experience; we both have struggles and we want what is best for our children; when you have an old machine sometimes you just need to move forward; everyone may not be happy but it will work and if it doesn't we can change it

\*\*UN Education Manager Shawna has requested time to have their own meetings about this situation without the District being present. Appreciate the information and the opportunity to work together, would now like to have time to discuss and process as a community. Communication to follow. Meeting January 28
