

Point-of-Contact Violence Risk Assessment

SD58-06

Use before or during a planned interaction where circumstances indicate an elevated potential for violence.

Before contact

- ☐ What is known about the risk?
- ☐ Is another worker required?
- ☐ Is the location appropriate and is there a clear exit?
- ☐ How will assistance be summoned?
- ☐ Should the interaction be moved, delayed or conducted remotely?

During contact

- ☐ Maintain access to an exit.
- ☐ Use agreed communication/check-in procedures.
- ☐ End the interaction and seek assistance if risk escalates.
- ☐ Do not place yourself between an agitated person and the exit.

After contact

- ☐ Report any threat or violent incident.
- ☐ Document new risk information and update controls/ISWI where required.
